## 1 Ton Tracksteer Mulcher

# T-REX710-M

A mulcher attachment is a powerful tool designed to grind and shred?
vegetation, transforming it into fine mulch. This innovative?
attachment offers several advantages:

- Vegetation Control
- Enhanced Land Management
- Time and Cost Efficiency

### Specs

| Machine Specs | |
|---|---|
| Rated Load | 1000kg |
| Tipping Load | 2000kg |
| Operating Weight | 3800kg |
| Max. Traveling Speed | 12km/h |
| Hydraulic Pump Flow(Std Flow / High Flow) | 80 / 120L/min |
| Fuel Tank Capacity | 90L |
| Standard Attachment | bucket |
| Operator Cab | Closed type \| ROP5 |
| Controls | Hydraulic joystick |
| Other Standard Configuration | Auxiliary Hydraulic Couplers |
| **Dimensions** | |
| Overall Dimensions | 3500x1830x2150mm |

| | |
|---|---|
| Height to Bucket Hinge Pin | 2900mm |
| Width (Including Bucket) | 1830mm |
| Track Width | 320mm |
| Track Ground Length | 1240mm |
| Ground Clearance | 180mm |

## Engine

| | |
|---|---|
| Engine Model | Xinchai 498T |
| Net Power | 55kW |
| Type | 4 Cylinder in-line, 4 stroke |
| Cooling | Water cooled |
| Fuel | Diesel |
