Disc Mounted Disk Plough

FKDP-4

- The disc plough is designed to work in all types of soil for functions such as soil breaking.
- Can be used for rocky and rooted areas. raising, soil turning and soil mixing.
- Useful in hard and dry trashy land conditions and in soils where scouring is a major problem.
- Available with 2; 3; 4 and 5 bottoms, optional with extra kit for furrow addition.
- Direct mount to the tractor.
- Extra heavy-duty pipe frame has high trash clearance allowing the plough to operate despite heavy crop residue.
